# Furniture Fusion

Furniture Fusion was founded in 2001 as a hot-desking company in Milton Keynes during a period when many projects were on hold.

In 2002, Managing Director Sam met Radisson Edwardian at Hotel Olympia, securing an order for 1,100 chairs for the Grafton Hotel in London. This milestone marked the beginning of our partnerships with major hotel groups such as Hilton, Marriott, IHG, and Clermont Hotels.

Today, we are based in Watford and operate with a dedicated team of 12, spanning sales, support, purchasing, project management, and marketing.

At Furniture Fusion, our philosophy is to play a vital role in every project by becoming an integral part of the creative team. We understand the language of designers and ensure that our furniture seamlessly complements the overall operation of hotels and restaurants.

Since establishing in 2001, Furniture Fusion has grown quickly. Developing connections across Europe with suppliers and manufacturers in the UK, Poland, Portugal and Italy.

We have worked with hundreds of clients through the past 24 years, ensuring customer satisfaction across every project.

“I started Furniture Fusion during a volatile time, I took the leap and left my job and I’ve never looked back. Furniture fusion has grown so much over the years and continues to be a staple in contract furniture ” - Sam, managing Director

# Derbion Food Court

We were thrilled to design and supply bespoke furniture for the refurbished food court at Derbion Shopping Centre. This high-traffic space required durable yet stylish pieces, including custom-made seating and tables alongside our Ivy Side Chair upholstered in a charcoal-grey fabric.

A standout feature was our bespoke communal table, complemented by Techna Bar Stools with powder-coated aluminium frames and hard wearing faux leather upholstery. We also supplied our sleek, stackable Biba Side Chair in three variations, including Panaz leather and aniline white-stained beech. Seeing our custom creations come together in this vibrant setting was a rewarding experience, delivering both practicality and style.

# Hippodrome Casino

It's not every day that we get the opportunity to design bespoke furniture for one of London's most iconic venues. The Hippodrome Casino invited us to help transform its stunning rooftop terrace, ensuring the new pieces enhanced the space without reducing capacity. We created custom seating areas using our Reva Twist Sofa, Lounge Chair, and Panarea Armchair, all in striking orange frames with woven arms and complementing cushions.

To bring a refined touch, we handcrafted a Bypass Coffee Table with a Carrara marble top and a garnet-colored base, alongside our Arena Coffee Table in a terracotta finish. This project was a perfect blend of creativity and craftsmanship, resulting in a stylish, durable, and inviting outdoor retreat.

# Babbo Restaurant

A great neighborhood restaurant is something to cherish, and we loved creating bespoke furniture for Babbo in St John's Wood. Occupying the former home of the iconic Harry Morgan's, the beautifully designed space by Studio du Feu features our Chloe side chair, a stylish new addition to our collection with a solid beech frame in natural walnut.

Our Roll lounge chairs, upholstered in deep cherry red velvet, provide a cozy spot for drinks, complementing the fixed seating perfectly. The restaurant also showcases our sleek Cologne bar stools, Madrid armchairs, and custom cushions for the terrace. From the dining area to the intimate lounge, every detail reflects quality craftsmanship and timeless Italian hospitality.
